

**ABORIGINAL
CARBON FOUNDATION**

Aboriginal Carbon Foundation

The Aboriginal Carbon Foundation (AbCF) catalyses life-changing, community prosperity, through carbon farming. Our aim is to build wealth for Traditional Owners, implementing carbon projects that demonstrate environmental, social and cultural core benefits, through the ethical trade of carbon credits.

The AbCF operates on the cutting edge of ideas and community-based solutions. We bring together people with fresh ways of working, professional experience and a desire to achieve outcomes that tackle Indigenous poverty and climate change through a strengths-based approach.
