PEOPLE'S
CLIMATE &
EQUITY PLAN

100% renewable electricity blueprint: community benefits

Direction from community was clear: progress toward 100RE must improve equity, and that equity should not be sacrificed for expediency.

Transitioning to a sustainable energy system that benefits and is inclusive of BIPOCI communities is a primary factor for defining success.

*how do we equitably
achieve our minneapolis
climate goals?*

DISCUSSION

what's happening now?

- What do you love about your community right now?
- What have you noticed about climate change and how is this impacting your community?

what could happen in the future?

- What are your hopes for your community?
- How can the City of Minneapolis support you in the work of climate action? (either in work you are currently doing or in work you would like to do if you have fewer obstacles or more support)
- What ideas or concerns do you have about the ideal energy future for you and future generations?

next steps

- Who else should we be talking to?
- What else should we be considering?
- Add to our Climate Equity Playlist! Here's a few ideas...

“Mercy Me” ~Marvin Gaye

“Feels like Summer” ~Childish Gambino

“Big Yellow Taxi” ~Joni Mitchell

Thank you!
